****NOTE****

All juniors and seniors wishing to explore college options should sign up for those visits in which they are interested. It is the student's responsibility to get missed homework. Students should not sign up on days there are quizzes, tests or presentations.

Students must be signed up for a visit by the end of the school day prior to the scheduled visit. A list of approved students will be given to teachers in order to dismiss students from class. Teachers have the right to deny passes.

Students do not need to sign up to visit with the armed forces during their lunch periods.

The counseling office attempts to have all visits scheduled prior to the start of school but changes and additions can occur daily. The most current list will always be posted outside the counseling office.
